

General Policy of AGICOA GmbH regarding non-distributable Rights Revenue
(Section 30 VGG [*German Collecting Societies Act*])
(September 30, 2016)

1. Non-distributable rights revenue is deemed to exist where revenue has been attributed to an entitled person and, despite taking all measures prescribed by law and all efforts of the Company, that entitled person cannot be located or does not provide information making it possible to distribute the amount (e.g. no designation of a bank account).
2. Non-distributable rights revenue will be attributed to revenue of the same rights category and be used for the next distribution period.
3. Any amendment to this General Policy shall require the consent of the shareholders' meeting and of the advisory board.
